About the conference

PyOhio is a weekend multi-track conference for users of and people interested in the Python programming language. It is a volunteer-organized event held for the benefit of the community. The conference includes seminars, discussions, open spaces, and lightning talks. Content ranges from beginner to advanced.

Why Sponsor PyOhio?

PyOhio attendees include a variety of working professionals, students, academics, and others who are so passionate about continuous learning and Python programming that they'll take a weekend of their own time to immerse themselves in Python programming content. Sponsoring PyOhio lets the attendees know that your organization shares these values.

- Approximately 300-400 attendees
- Many attendees use Python professionally currently
- Others use other languages but wish to learn more about Python
- Many attendees come from Ohio and surrounding states
- Others travel from across the country or even internationally

Attendees will receive positive exposure to your organization including the benefits listed below. Your sponsorship dollars will cover the cost of the conference including venue rental, video production, refreshments, badges, web hosting, etc. With your sponsorship support covering our costs we are able to offer free admission to our attendees.

**Why does a sponsored talk need to be approved?**

All talks presented at PyOhio go through a review process to ensure the highest quality content is available to attendees. Sponsored talks should be the same caliber of talks that you would submit through our normal call for proposals. Content that is not relevant to the Python community will be rejected. Note that we reserve the right to reject a talk if we think it could jeopardize our 501(c)(3) status.
